FILE

25X1

Chief,

17 March 1961

Deputy for Training

**Certificates for Students Who Completed Jump Training**

1. Based on a conversation with the DTR, we have been instructed to provide a certificate of qualification on those students in the last Basic RM Course who successfully completed the jump training. These certificates will be included in their 201-files. This should also be done for the three members of the training staff who took jump training.

2. There is no particular format to be used except that they be signed by you as the officer who was responsible for their training.
